Applicator Switch Interface for iOS devices.

Call #: 104-100-29 Local copies available: 0 of 5. Estimated wait in days: 272 to 273. There are no off-site copies of this title. See all...

The all new **Applicator** is a Bluetooth Switch Interface that has been specifically designed for the AT Market. Careful consideration of the needs of switch users has resulted in a device that provides both ease of use and great functionality in one single unit. Access your (switch accessible) Apps™ with up to 4 switches or with a "tap" of a button go into "Quick-Media Mode" and use the same 4 switches to control your audio library. Accessing your Apps is simple: • Pair **Applicator** with your iPad by selecting it in the Bluetooth menu (no PIN entry required). • Connect any wired switches to one of the four, programmable, switch inputs. • Switch sockets default to the most commonly used settings so the **Applicator** works straight out of the box. Accessing your Music Playlist is even simpler: • Press the Quick Media Mode button for preconfigured access to: play/pause, skip forward, skip back and Timed Play - 10 seconds (ideal for cause and effect or reluctant switch users).

Click “Hold It!” to reserve the item for you.

This is the confirmation screen.

The screenshot shows a library catalog page for the item "Applicator Switch Interface for iOS devices". At the top, the header includes "Washtenaw Intermediate School District", the user name "Ronnie Connors", and navigation links for "Logout", "Help", and "Shop". A "Follett Community" button is also present. The main navigation bar contains "Home", "Dashboard", "Catalog", "Circulation", "Reports", "Back Office", and "My Info". The breadcrumb trail reads "Library Search > Search Results > 'Applicator Switch Interface for iOS devices'".

A red-bordered warning box at the top of the item details area contains the following text: "Hold requested for 'Applicator Switch Interface for iOS devices.'. 'Applicator Switch Interface for iOS devices.' is available now. Please pick up before 9/23/2014." A black arrow points from this box down towards the red text below.

The item details section includes the title "Applicator Switch Interface for iOS devices.", call number "104-100-2", and availability information: "Local copies available: 1 of 5. There are no off-site copies of this title. See all...". The description states: "The all new **APPLICATOR** is a Bluetooth Switch Interface that has been specifically designed for the AT Market. Careful consideration of the needs of switch users has resulted in a device that provides both ease of use and great functionality in one single unit. Access your (switch accessible) Apps™ with up to 4 switches or with a "tap" of a button go into "Quick-Media Mode" and use the same 4 switches to control your audio library. Accessing your Apps is simple: • Pair **APPLICATOR** with your iPad by selecting it in the Bluetooth menu (no PIN entry required). • Connect any wired switches to one of the four, programmable, switch inputs. • Switch sockets default to the most commonly used settings so the **APPLICATOR** works straight out of the box. Accessing your Music Playlist is even simpler: • Press the Quick Media Mode button for preconfigured access to: play/pause, skip forward, skip back and Timed Play - 10 seconds (ideal for cause and effect or reluctant switch users)."

Below the description are sections for "Publication Info" (Published Inclusive TLC.) and "Additional Info" (Early Child Hood (0-5), Primary (K-3), Intermediate (4-6), Junior High (6-8), High School). A "Selected List" section shows "My Personal List" with an "Add to this List" button. On the right side, there are several action buttons: "Edit Title", "Duplicate It", "Delete Title", "Add Copies", "Wish List", "Recommend", "Edit Quiz Info", "Site Subjects", "Digital", and "Hold It!".

Please ignore this automated message indicating that your item is ready for pickup. Your item will be sent to you via WISD van delivery. If you wish to pick up the item, you will need to send an email to library@washtenawisd.org requesting a pick up instead of a delivery.
