

Installing TLC or Out Center Printers On Your Computer:

1. Log in to the computer using your WISD Windows Credentials. Click on yellow folder icon in the task bar. This will bring up the File Explorer Window.

2. Expand the “This PC” menu item and click on the “Printers (P:)” drive. A list of all available network printers will be displayed.

3. Find the printer or printers for your location. Install the printer or printers by double-clicking on the desired printer name in the list.
